Cinco de Mayo Party

Big Thanks to our Port Captain Mike for cooking up some tasty Mexican cuisine!

Russian Dinner

I would like to thank Brad and Linda Turpak for the great dinner they prepared for us. We all enjoyed the large assortment of Russian delights. I personally felt very full and satisfied after eating what they had prepared.

This is the second of the monthly Commodore's dinner series. Every second Friday members will prepare food of their ethnic origin. In June Harvey and Shelly Goldsmith will serve Italian!

Thank you again Brad and Linda

June 14th Membership Appreciation Dinner

Hi this is Harvey & Shelly Goldsmith, your rear commodore for this year. Shelly and I have been active in boating for 8 years and been members of MVYC for approximately 5 years. We have a 28 ft. maxum powerboat.

We enjoy the club for many reasons:
camaraderie, boating events, socializing, meeting new members, drinking at the bar, free ice, and most importantly our boat is parked right in front of the club.

Our background is Russian, Polish, and Romanian Since Russian dinner night was taken, we decided to do Italian night which is our favorite. Being ex (new yawkers) we sort of take pride in our Italian food restaurants and feel we know Italian food (our opinion of course).

Sample Menu(not cast In stone, expect change, change is good remember that!)

Caesar Salad
Antipasto
Calamamri
Garlic BRead
Lasanga,
Chicken Picata
Tirimisu

About "Unkle Monkey"

Hi, In my band Unkle Monkey, we have played a lot of different styles of music for a lot of different audiences but some of our favorite shows are when we get to play what we call "Yacht Rock" for all the boaters. Songs about sailing, pirates, sunsets, volcanoes, island girls and of course, rum. Being a sailor myself, I understand how these songs can magically take the listener away from their troubles and transport them to a beach in Antigua or Maui. Like one of my songs says "If you're tired of the rumble of the concrete jungle, and you're lookin for some shelter, from the helter & skelter, you don't need a magic potion, just come back to the ocean, and you'll be, in harmony, with The Sun, The Sand, and The Sea.
